## Reds To Spoil Plans For New UN Secretary

Soviets Indicate They Will Demand Three-Man Control

UNITED NATIONS, N.Y. (AP)—The Soviet Union threatened today to torpedo a proposal for a temporary secretary-general who would succeed Dag Hammarskjöld and keep the U.N. executive machinery in action.

Soviet Foreign Minister Andrei Gromyko indicated Moscow will settle for nothing less than a three-man secretariat to control the world organization.

Under the stop-gap plan, the U.N. General Assembly would name an interim secretary-general to fill the position left vacant by Hammarskjöld's death. The West and many neutrals rallied to the support of the proposal.

Soviet opposition heightened fears that the entire question of selecting a new secretary-general would wind up in an East-West deadlock, leaving the U.N. administration without a leader.

This latest crisis was added to the agenda of talks between Secretary of State Dean Rusk and Gromyko, who agreed to open conferences Thursday. They originally had planned to discuss the Berlin crisis.

News of the Soviet stand plunged delegates into gloom as the 99-nation assembly got down to business Tuesday.

The assembly met for only four minutes in tribute to Hammarskjöld.

Today it elects Tunisia's Mongi Slim as president and chooses other officers. The rest of the session was set aside for eulogies of Hammarskjöld, who perished in an African plane crash Monday.

The battle lines were drawn Tuesday night when Gromyko told newsmen his government would not agree to any one man serving as secretary-general even in an interim capacity.

"Any one person would not be good. We must have three secretaries-general," Gromyko said, harking back to the plan proposed by Premier Khrushchev at last year's General Assembly.

Gromyko's remarks brought quick comment from U.S. Ambassador Adlai E. Stevenson, who said the United Nations must act at once to choose an interim secretary-general. He accused the Soviets of using blocking tactics.

The United States and other Western powers had hoped Slim would get the post, but the Tunisian delegate reportedly bowed

## City Board Lets Street Jobs Contract

Camp's Service Co. of Salem has been awarded a contract by the city board of control to widen the intersections at Ellsworth Ave. and State St. and N. Ellsworth Ave. and W. 9th St., Mayor Dean B. Cranmer announced today.

Work on the projects will begin Monday.

Camp's bid of \$5,408.30 was the lowest of three bids received. Other bidders were W. J. Lantz of Youngstown, \$5,644.23; and Midwest Construction Co. of Cleveland, \$6,887.55.

The bids were based on specifications calling for a cement finish. Alternate bids also were taken on black-topping. The alternate bids were: Camp's, \$5,042.80; Lantz, \$5,134.23; and Midwest, \$6,377.55.

Mayor Cranmer said it has not been determined yet whether to use cement or black-top for the projects.

Mayor Cranmer said a bid also was received from the Kane Construction Co. of Youngstown after the legal deadline.

Camp's said they can complete the work in 20 days. Midwest said it could do the job in 24 days while Lantz's bid called for 30 days to complete the projects.

The Ellsworth-State St. intersection will be widened on the northwest and southwest corners. The 9th St.-Ellsworth intersection will be widened on the west side only.

## Sportsmen Urge City Council OK Reservoir Fishing

A group of sportsmen who would like to see the Salem city reservoir opened to controlled fishing presented petitions containing 793 signatures to City Council last night, asking that the legislators "make the necessary arrangements and proceed to open the lake as soon as possible."

## Tshombe Meets With UN Chief

Tunisian Takes Over Dag's Peace Mission

NDOLA, Northern Rhodesia (AP)—President Moise Tshombe of rebellious Katanga met with a top U.N. negotiator today in a second round of talks aimed at ending the fighting in his province.

Tshombe met for more than five hours Tuesday with Mahmoud Khari, a Tunisian who heads the U.N. civilian operations in the Congo. Khari took over the peace mission that Secretary-General Dag Hammarskjöld died trying to fulfill.

The scene of the talks was the closely guarded Ndola airport building. The two arrived and left separately with police escorts. Following Hammarskjöld's tradition of quiet diplomacy, the talks were held in strictest secrecy.

An investigation into the plane crash that killed Hammarskjöld and 14 others Monday so far has turned up no evidence of sabotage or attack.

Veteran pilots who viewed the crash site north of this city said the pattern was typical of power failure or bad instruments.

Hammarskjöld's body will be flown to his native Sweden, where his countrymen will give him a state funeral. The last non-royal Swede to receive a state funeral was Louis de Geer, a reform premier who died in 1893.

There was little news of fighting in Katanga as the cease-fire talks got under way.

## Driver Killed As Car Rams Truck

A 57-year-old Youngstown man was killed this morning when the car he was driving collided head-on with a truck loaded with cement on Rt. 630 in Mahoning County, a half-mile west of the Pennsylvania state line.

Joseph E. Wilkes, 57, of Youngstown was dead on arrival at South Side Hospital at 7:34 this morning.

The State Patrol reported that Wilkes, traveling east on Rt. 630, for unknown reasons drove left of center and crashed into the left front of an oncoming truck operated by Ralph L. McMillen, 33, of New Castle, Pa. The truck driver escaped injury. Wilkes was pinned in his car.

President of Council Michael Schuller (R), told the group of approximately 10 sportsmen who attended last night's meeting that Council will give "thorough consideration" to their proposal.

Aubrey Hayes, superintendent of utilities, is on record as being in favor of opening the 68-acre Salem city lake to controlled fishing.

However, there is some contention that the Utilities Commission has full authority to set up any regulations concerning fishing at the lake that it sees fit.

Hayes said that about three or four years ago the Utilities Commission recommended to the water committee of City Council that the lake be opened to controlled fishing. He said the issue was discussed but no legislation was ever prepared.

Rufus Lide, Columbiana County game protector, who attended last night's meeting at the request of the sportsmen's group, said he met with Council several years ago in an effort to get an easement with the state Division of Wildlife to provide public fishing at the reservoir. He said he was told at that time by Mr. Hayes that the city did not want the state to have anything to do with the reservoir.

Lide told Council that Mayor Dean Cranmer has cooperated 100 per cent with sportsmen in trying to get the reservoir opened. "But the mayor isn't the one who has the power to open the lake for fishing," Lide added.

Terry McLaughlin of 179 Sharp Ave. was spokesman for the sportsmen's group last night. He said that several sportsmen met at the Salem Hunting Club Sept. 11 and unanimously agreed that no contamination of the water in the reservoir would be caused if a strict set of rules and regulations were drawn up and enforced.

This conclusion, he said, was based on reports of federal and state health boards.

The group recommended that Council order the Utilities Commission to draw up a contract whereby the city would "enter into the authorization of bids by private individuals for the sole right of leasing the boating and concession stand business and a per cent of the fishing permits."

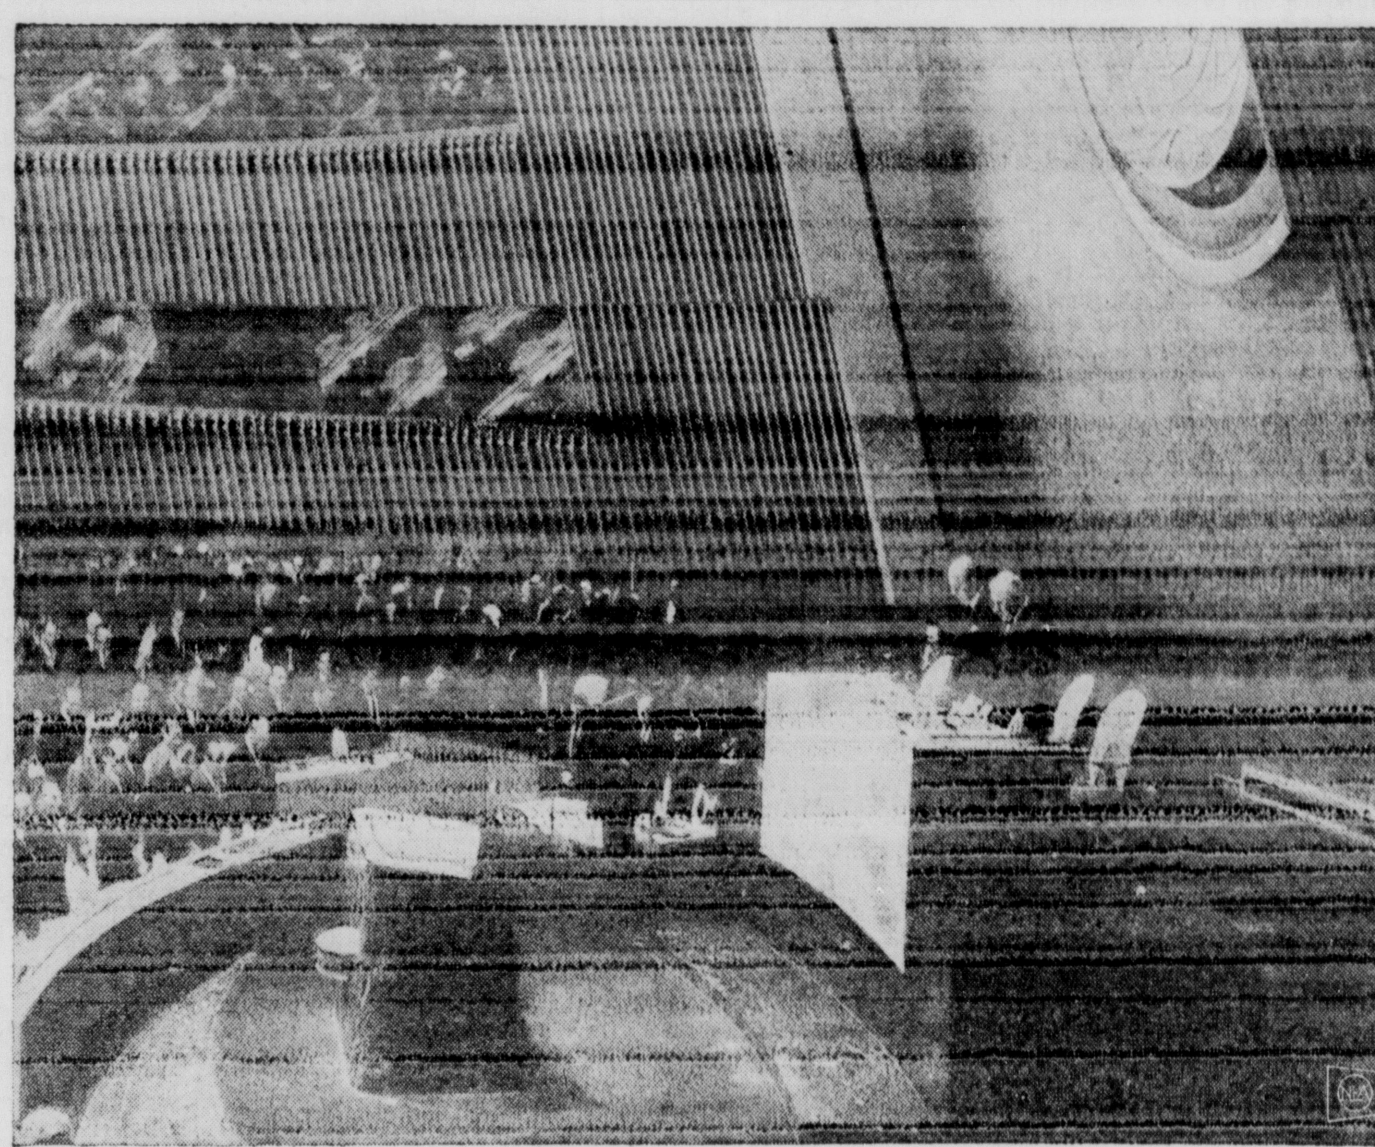

The recommendation further stated that if the Council or Utilities Commission feel they could make more money by operating these rights themselves, and still have strict control, they should make the necessary arrangements and proceed to open the lake as soon as possible.

"If fishing is opened on a permit basis, it is the recommendation of this group that a per cent of the money taken in by the city's share be set aside for the purpose of restocking the lake. A fish committee should be set up to try to determine what fish would be stocked to keep the fish in balance."

The sportsmen also presented to

## Storm Churns North Toward New York Area

Thousands Evacuate Virginia, Maryland Coastal Towns

NEW YORK (AP)—The sprawling metropolitan areas of the Northeast girded today for a battering by winds and floods wrought by vicious Hurricane Esther. Thousands already have fled coastal areas in the path of the storm.

Esther slapped the North Carolina coast with 33-foot waves and high winds during the predawn hours as she plodded on a course that could send her inland anywhere from the Virginia coast on up.

Regardless of where she lands her deadly punch, the nation's most densely populated area appears certain to take a beating.

City, civil defense and military officials in the New York, New Jersey, Connecticut metropolitan area of some 16 million people—almost one-tenth of the nation's population—urged citizens to prepare for a possible emergency.

New York City's Mayor Robert F. Wagner called an emergency meeting of a host of city agencies.

Civil defense officials in the city had cots, blankets and food in readiness, and 35 schools were designated as temporary shelters.

Two Texas Towers off New England have been evacuated by the Air Force, mindful of the disastrous collapse of a similar radar warning structure in a storm last January off New Jersey.

Aircraft at air force bases throughout the threatened area were sent flying to safety at bases far inland—some going as far as Wright-Patterson and Lockbourne Air Force bases in Ohio.

In exposed sections of New York, New Jersey, Connecticut, Delaware, Rhode Island and Massachusetts, residents were hastening the battening-down procedure amid warnings that gale winds and tidal floods would smack their shores today.

Isolated communities on the lower New Jersey coast were battered by waves that lashed across sea walls and flooded roads. Officials worked during the predawn hours surveying roads to determine those that would remain above water longest.

Preparations on Long Island were described by one oldtimer as the most extensive for a storm in his memory. Residents of the 125-mile strip of land east of New York City vividly recalled their brush in 1955 with Hurricane Hazel.

Residents of Fire Island, a sand spit south of Long Island, were urged to evacuate the area, used almost exclusively as a summer resort.

## Decision Near On Church Issue

Episcopal Bishops Act On Merger Plan

DETROIT (AP)—A crucial test neared today on a monumental proposal for uniting four major Christian denominations into a single church "truly catholic, truly reformed and truly evangelical."

The House of Bishops at the triennial General Convention of the Episcopal Church set a full day of sessions for action on the matter.

"We're in for considerable debate on it," said Bishop Henry I. Lottitt, of Orlando, Fla., chairman of the House's Committee for Dispatch of Business.

Before the church-governing convocation is a recommendation by its unity commission to approve merger negotiations with the United Presbyterians, Methodists and the United Church of Christ. Altogether, they have nearly 20 million members.

Moves also were afoot to include the Polish National Catholic Church.

Whether the historic plan actually gets under way hinges heavily on action by the Episcopal Church, which clings to ancient catholic concepts not found in the other strictly Protestant bodies.

Anglo-Catholic "high church" forces have mounted a full-scale assault on the plan, saying it would mean "sacrifice of essential principle," concerning the church's sacraments and historic succession.

Many top Episcopal leaders, including the presiding bishop, the Rt. Rev. Arthur Lichtenberger, have urged launching of the merger negotiations, expressing hope the difficulties could be over.

## Election Board to Get Charter Text

Atty. Lozier Caplan, chairman of the Salem Charter Commission, advised the County Election Board today the text of a proposed charter for operation of Salem's municipal government will be certified to the board next Tuesday for a place on the Nov. 7 ballot.

The deadline for filing the lengthy proposal is next Wednesday, Frank R. O'Hanlon, election board clerk, pointed out.

The charter proposal has been drafted by a 15-member commission which Salem voters elected a year ago. It follows the so-called "federal plan." The principal proposals call for a four-year term for the mayor, continues a two-year term for Council and calls for creation of the post of finance officer who would assume the duties of both the auditor and treasurer.

If the majority of Salem voters approve, Salem will switch its government to operation under the charter. Any Ohio city is governed under provisions of the state code laying down the duties of municipal officers unless it adopts a charter providing for a different method of operation.

There was no indication this morning when agreement might come, but company and union representatives emerging occasionally from the bargaining room gave every indication they anticipated a settlement, not a stalemate.

Four local settlements overnight brought to 98 the number of GM plants where such have been reached. That left 31 still to be wrapped up. The latest agreements came at a Chevrolet assembly plant at Van Nuys, Calif., a Chevrolet warehouse in Los Angeles, Pontiac Motors at Pontiac, Mich., and Fisher Body No. 2 at Flint, Mich.

## Bliss Co. Plant Improvements Made

Completion of a two-year program involving the replacement of the entire Machine Shop roof at the Salem Rolling Mill Division of the E. W. Bliss Company has been announced by Mr. George Perrault, Jr., vice president and general manager.

The new roof, consisting of insulated steel deck, is fire-proof and designed to insulate the shop from heat in the summer months and cold in the winter. The new roof, which replaced a wooden deck roof, was installed at a cost of approximately \$70,000.

In addition, new steel sash windows with anti-glare glass were recently installed in the Erection Shop; new rails for crane runways installed in the Machine Shop, and major repairs made to machine tools.

These expenditures by Bliss are a part of the continuing effort to improve and modernize the facilities at the Salem Division, Mr. Perrault said.

## Lisbon Social

The McKinley School Parent-Teacher Assn. held its initial meeting of the fall season Monday night, with Mrs. Eddie James, president, presiding over the business. Over 100 were in attendance. During the program, Miss Della Wetzel, principal, introduced the teachers and gave sketches of each. Special mention was made of Miss Nettie McPherson, first grade teacher, who has taught here since 1920. Her pupils include two of the present school board members and the high school principal. She has served under two principals and six superintendents.

Officers and committee chairmen were introduced by the president. Mrs. Glen Ward, vice president, introduced the room mothers.

Other officers are Mrs. Jack Hall, secretary, and Mrs. Edgar Chapman, treasurer.

Robert Williams was in charge of the program period. Howard Lehman, 5th grade teacher, discussed departmentalized work in the fifth, sixth and seventh grades, the system which is used at McKinley School.

Dr. Russell Armitage, superintendent, explained the crowded condition of the school and declared that the combined second grades system is not working satisfactorily. He said the kindergarten class may have to be moved to a new location.

**MR. WILLIAMS ANNOUNCED** that next month's program will feature a discussion and a question and answer period on the school bond issue.

Junior P.T.A. was held at the same time under the direction of the first grade room mothers and Girl Scout Troop 14 which will assist with this function all year.

Lunch and a hospitality hour followed.

The next meeting will be Oct. 16.

Mrs. Guy Frantz was hostess to associates of the Coterie Monday evening at her home on W. Lincoln Way when the group held its annual coverdinner. Arrangements of fall flowers and fruits were evident throughout the home.

Mrs. Frank Henry, member of the program committee, distributed the new year books which list the programs planned.

Mrs. Frantz, who is beginning her term as president, presided over the business. Other officers are: Mrs. Byron Albright, vice president; Mrs. Gilbert Marshall, secretary, and Mrs. Floyd Lower, treasurer.

Members answered roll call by telling of their summer vacations.

The next meeting of the club will be Oct. 2 with Mrs. Raymond Blair of W. Washington St.

For the program, Kamil Eren, an international farm youth exchange student from Turkey, showed slides of his native country and gave a talk on his religion and manner of worship.

On Oct. 10 the circle will join with the WSCS for a meeting at the church.

Mrs. Robert Leggett of W. Lincoln Way was hostess this week to the Monday Club, with 14 members present.

Mrs. Leggett, president, conducted the business.

Mrs. I. V. Parry had the program on "magazines," and roll call was answered by "I read this".

The next meeting will be Oct. 2.

The Past Presidents Parley of the American Legion Auxiliary met Monday night with Mrs. Seth Phelps as hostess at her home on Lisbon-Columbiana Road.

Mrs. Byron Griffith, president, was in charge of a short business session.

For the Oct. 9 meeting, the group will go to Youngstown for dinner.

**THE CHURCHILL CACKLE**

Club enjoyed dinner Monday night at Sally's Restaurant in Ellsworth and later returned to the home of Mrs. Viola Reynolds on Caldwell Ave. where Mrs. Kathryn Bush was the hostess for cards. Mrs. Alta Brooks and Mrs. Gertrude McCord were guests.

Mrs. Brooks won the first prize at 500, and Mrs. Maud Burton received the second prize. Mrs. Reynolds was awarded the special prize.

On Oct. 16, Mrs. Gladys Sullivan will entertain at her home on E. Chestnut St.

The Christian Women's Fellowship Guild met Monday night at the First Christian Church, with Mrs. George Berdine, president, in charge of the business.

The worship service was conducted by Mrs. Robert Peterson. "Building a new church in a new community" was the program topic led by Miss Meretta Ikirt.

Lunch was served in the dining room by Mrs. Willis Coleman, hostess.

Members were reminded that Oct. 16, the date of the next meeting, has been set as the deadline to bring in recipes which are to be compiled in book form.

Mr. and Mrs. Robert Hill of Columbiana were weekend guests in the home of his parents, Mr. and Mrs. Charles Hill of W. Lincoln Way.

## What's DiSalle Trying to Prove?

A Cleveland City Club debate last week between Gov. Michael V. DiSalle and Roger Cloud, speaker of the House of Representatives, raised this question:

What was a Democratic governor trying to prove when he argued with a Republican legislator that Ohio isn't spending enough money and Republicans should be rebuked for practicing prudence?

Gov. DiSalle seemed to be arguing that Ohio has been turned into a raggedy cheese-paring commonwealth by Republican prudence. He laid down a barrage of statistical comparison that was supposed to prove Ohioans aren't keeping step with modern civilization and should be ashamed.

We mistrust his statistics.

And we doubt his wisdom in using them if he thinks his political future lies in convincing Ohio voters they should be ashamed for not spending enough money. With a state budget of more than a billion dollars a year Ohioans don't believe they are penalizing public progress.

WHAT THEY DO believe — the ones we know who aren't staking their political future on giving away money — is that Ohio can be proud of the prudence.

They believe that accurate statistics show-

ing all the money they spend for public programs would give Ohio none the worst of it, Gov. DiSalle to the contrary notwithstanding.

Why, then, does this highly intelligent Democratic governor chide his fellow Ohioans for being tight and blame the Republican opposition for saving money? What is he hoping to do?

We suspect he is hoping to qualify himself for a key position in the Kennedy administration in Washington; that his thoughts these days are of Handoutsville on the Potomac, where the boys throw around billions as if they were 20 bills.

WE SUSPECT that when Speaker Cloud talks about budgeting as a problem in balancing the desires of spenders against the actual needs of government and the abilities of taxpayers, Gov. DiSalle is only half listening.

We suspect he has his other ear cocked for a sweet clarion call to come to Washington, where the desires of spenders are absolute. In Ohio, where Republicans can get elected and stay elected by practicing prudence with public funds, the desires of spenders are only relative.

## 'Leaving It to Dag'

More people have been saddened by Dag Hammarskjöld's death than would be saddened by the death of any other figure in international politics.

Even the Russians who had been trying to ride him out of the secretary-generalship of the United Nations must feel sorry about his death. In him they had an opponent worth their most ruthless efforts to destroy him, because he would not be easy to destroy.

"Leaving it to Dag" had become a way out of blind alleys for people who usually talk about peace but frequently act as if they would rather have war. In places like the Congo he was the only hope of peace.

Whether his death on a mission there was pure accident or accident tainted with the malice of murder isn't going to be easy to know. It may never be known. It symbolizes what was threatening to be the crowning frustration of his single-minded crusade for world peace.

He had worked hard. He had kept his tem-

per and his patience. He had brought to bear on his peace crusade all the skills of diplomacy and tact that he had mastered.

But things were not working well. Failure was in sight.

He was being closed in by the irreconcilability that shatters peace. He had been tagged for ruin by the Soviet Union. His policy of trying to disarm the Katanga troops of Moise Tshombe was under fire, because it had put the United Nations between the lines in a civil war. Berlin was raising the threat of nuclear war.

Hammarskjöld could not have been sanguine about peace under existing circumstances.

Even his most trusting admirers were gloomy about his chances to pacify the Congo.

His death will bring to a gloomy climax all the dark fears about the perilous times we are enduring. With him gone, who will keep alive hope?

## Would It Work Both Ways?

The White House says it may release the responses from 12 steel companies to its proposal that they continue to give wage increases without altering prices.

Judged by the responses already released by responders, this would be an explosive package of dissent. Thomas F. Patton of Republic Steel characterized President Kennedy's proposal for holding steel prices steady while wage rates go up as a substitution of the "personal judgment" of presidential advisers for the "known efficiency and fairness of the competitive market places." He concluded sharply, "This we cannot do."

Meanwhile the president of United Steel

Workers, David J. McDonald, had written to the White House to say it always had been his union's policy to do what President Kennedy told the 12 steel companies they should do — look after the public interest as well as the needs of workers and stockholders.

This was an attempt to make it appear that the big steel union will be as forbearing about costs when its next wage contract comes up next summer as the Kennedy administration says steel management should be about prices this fall.

We doubt that the attempt was successful. If it ever came out that Dave McDonald really wasn't going to ask for more from the companies next year, what would there be to negotiate about?

## Handle With Care

Squirrel season is on and nimrods also will be after other wild game as the cooler months approach.

Game wardens and safety experts already are advising hunters to handle their guns with caution and to use common sense, with a special appeal going to youths anxious to try out that new firearm.

The Army wouldn't hand a gun to a recruit and tell him to use it without first giving the soldier some instructions. Nor should a father permit his son to use a lethal weapon without prior coaching. Members of the Salem Hunt Club are usually available for assistance.

Hunting can be great sport if done safely and with due respect to property owners' lands.

## Once Over

Five cent postage stamp is near and the fellow about to buy groceries, get a haircut or have a shoeshine will have to decide if he can afford these things and still write a letter. High cost of correspondence will cut down output of "Hope you are all well" and "Don't forget to put out cat" letters.

Effect on romance can be extra rough. "Junk" mail will cost less postage than love letters, and following from boy to girl friend is possible.

"Sweetheart: Well, the nickel postage stamp lets junk mail off easy but socks me and you. This is just a short note to tell you that from now on all my letters to you will be in unsealed envelopes and in one corner will be the words "GOING OUT OF BUSINESS. PRICES CUT 50 PER CENT." "At first I thought of YOU CAN WIN \$25,000" or "SPECIAL THURSDAY MEAT SALE." But I chose the other, to save money and you will be able to pick out my letters from the junk stuff.

"My love is not junk, baby. I just think the P.O. Dept. should know it is as important for me to sell undying affection, which you want, as to for companies to sell crabgrass killers, flea powders, groceries, cut rate lamps and detergents you don't want.

"The P.O. should make it tough for personal correspondence. This world is so full of bad news Washington should encourage people to correspond about love and kisses,

engagement rings, etc., but Uncle Sam goes ahead and makes it not only harder to mail letters but harder to get answers.

"Things are depressing all over. I will make this short but I expect to get my job back and write longer letters oftener very soon. All my love, Oscar.

P.S.: You better put a businesslike label on your letter to me. Maybe in big letters "SUNSHINE HOMES DEVELOPMENT CORPORATION," on account of you are my sunshine and one of these days you will be my home developer.

THE WORD "AIN'T" has been admitted to new dictionary. This offends us as a purist. We think it degrades good English and "don't do nobody no good. We was always told 'ain't" was not of no benefit in speaking or writing, irrespective of what some people do.

## Inside Labor By Victor Riesel

TORONTO, Canada

There is a north of the border, you know. The air is fresh because the wind is cool and men are willing to slug it out with their fists and anything else handy, when they are pushed around.

Over in the nickel mining area of Sudbury — mighty vital to U.S. defense supplies — there has been a series of hand-to-hand battles between rebellious local unionists and invaders dispatched by the Mine, Mill and Smelter Workers Union International office in Denver.

The police have rushed in. The Mounties' intelligence unit keeps the town under surveillance. Now the civil war is complicated because the gendarmerie expects the International Mine, Mill headquarters to call on its new allies, the Teamsters, for reserve troops.

This would really start a brawl. The rebellious Canadian nickel miners want even less to do with Jimmy Hoffa than they want to stay tied to the Mine, Mill outfit.

WHEN WORD was flashed into Canada that the Mine, Mill Union — whose international president had been accused before the U.S. Senate Internal Security subcommittee of being Communist — had allied with Hoffa, there was enough heated anger to melt all of Hudson Bay's ice.

The Nickel Workers local 637 over in Port Colborne ran the biggest meeting in mining history there. Some 1,700 miners told their officers to prepare to protect their union building.

Then they passed a resolution condemning the mutual assistance pact between Hoffa's Teamsters and the Mine, Mill international headquarters.

This may etch like acid on Hoffa's stockpile of steel nerves. Jimmy H. always has boasted that he's the labor giant loved by the rank and file and hated only by federal and corporate and journalistic monsters.

Well, apparently the good people of Sudbury and Port Colborne are not the only workers laying in a supply of bean stalks.

Before I looked in on the revolt of the Canadian nickel diggers, I talked to Joseph Beirne, leader of some 350,000 telephone workers. Beirne, president of the Communications Workers of America (CWA), has no use for muscle, just guts.

HE HAS a quiet whimsical theory that in any fight where it's brain against brawn, the mind will win. Furthermore, he believes that it's unethical to stand on the sidelines and let rebels fight it out alone behind the Teamsters lines.

So, the other day, Beirne urged the CWA Executive Committee meeting in Front Royal, Va., to declare open war on Jimmy Hoffa. They did.

The CWA board laid it on the line. It announced that it would call on the AFL-CIO to organize a Teamsters union to rival Hoffa's brotherhood.

LET NOT Mr. Beirne's words, and those of his colleagues, go unrecorded:

"Be it resolved that the executive board of the Communications Workers of America believes the time has come, and is in fact overdue, for the AFL-CIO to provide a place of refuge for the honest democratic members of the Teamsters union; and

"Be it further resolved that the CWA herewith calls upon the AFL-CIO to create and charter a new International Union of Truck Drivers and Motor Vehicle Carriers, open to all members and locals of the Teamsters who subscribe to the AFL-CIO's type of clean, honest, democratic trade unionism. . . .

"Be it further resolved that the CWA calls upon the AFL-CIO and our sister unions to give the full financial, moral and organizational support necessary to create and develop this new union free of corruption, free of communism, free of employer domination; (and) to build a union of, by and for the men and women of the truck driving and motor vehicle carrier industries; (and) to build a union capable of winning on its merits and achievements, the enthusiastic devotion of its members, the fraternal support of the labor movement, and the respect and friendship of the government and the American public."

THIS IS OPEN WAR! And Joe Beirne will urge it on the AFL-CIO high council and its general board (made up of all international union presidents) when they meet in New York City Oct. 9.

AFL-CIO chief George Meany has let it be known that if 10 Teamsters locals with membership totaling 10,000 rebel against Hoffa, the AFL-CIO will launch a rival national truck drivers brotherhood.

We presume the noise we'll soon hear will be Hoffa's roaring among the beanstalks.

## Advice To GOP

By DAVID LAWRENCE

### 'Loyal Opposition' Organization Needed

The Republican party has fallen down badly as the party of opposition in the last several months.

Meanwhile, the Kennedy publicity apparatus is functioning effectively with all the benefits that an incumbent in the White House naturally can derive in taking advantage of his position as the David Lawrence chief news maker of the day.

The fault of the Republican side, to be sure, is not with any individual but with the system, which also has plagued the Democrats at times when they were the party out of power.

The two men, for instance, who today seem to have the largest number of supporters for the Republican nomination in 1964 are not even in Washington these days except for occasional visits.

Right now, former Vice President Nixon is considering whether he will run for governor of California. To take that office would be a mistake if he really wants the Republican presidential nomination in 1964 for he cannot possibly keep in close contact with national affairs while preoccupied with local affairs at the state capital in Sacramento.

The argument made vehemently in his favor throughout the 1960 campaign was that he had played an intimate part in the activities of the executive as well as legislative branch of the national government for eight years.

This talking point about experience will diminish in value for him to a large extent by 1964, when Mr. Kennedy's actual experience with world problems from 1961 to 1964 will become his big asset against either Gov. Rockefeller or Mr. Nixon if the latter is nominated and elected governor of California.

THE SITUATION would seem to call for an unusual kind of remedy. It requires the organization of a "loyal opposition" patterned somewhat on the British system.

If a group of Republican voters who are devoted supporters of Mr. Nixon wish to see him elected president in 1964, they could contribute relatively small sums each year to finance a "Citizens for Nixon" organization which would pay Mr. Nixon's living expenses and office needs in Washington.

A working staff could be set up of men experienced in the various departments of government. In fact, by the creation of an "alternate" department of state and an equivalent unit for each of the other executive departments, the country could be kept advised from week to week as to what is really going on in their government.

The opposition viewpoint, expressed through speeches in Congress, is presented intermittently of course, but rarely are there any alternate programs offered and widely distributed in a comprehensive form to the voters.

Mr. Nixon belongs in Washington at the head of such an organization. Another one just like it could be established by the friends and supporters of Gov. Rockefeller, who, instead of running for reelection in New York in 1962, could devote himself to working every day in Washington as part of a "loyal opposition."

### Electoral College Complaint

As a citizen and voter, I must confess I have always been confused about the electoral vote and how it works to elect our president of the United States. But Edward Morrow's recent program on TV on the Electoral College and its functions give me no doubt that the people should take some action and change their way of doing some things.

As I understand the duties of this College, the people who are elected or appointed to this job are to represent a given number of people in their district. They are to cast their vote according to the way the majority of the people in their district vote. But very often this is not the way the elected will cast his vote.

In the constitution of the Electoral College it gives the persons a right to vote as he wants to, which is not always the way the

or more such organizations of rival candidates could be carried on to a certain extent — as, for example, on the information-gathering side. All this would operate as a check on radicalism in Washington and would certainly be of assistance to members of Congress.

Sen. Goldwater, who is gaining considerable support for the Republican presidential nomination, is making a number of effective speeches in opposition to administration policies, but, without a big organization of full-time associates, he cannot possibly give the necessary time to the day-by-day study of executive problems and still keep up his work as a senator.

Something sooner or later will have to be done to build opposition strength in America's political parties along the lines of what is done so successfully in Britain.

Sen. Dirksen of Illinois, the Republican leader in the Senate, said last week that he expects to have more frequent visits with Gov. Rockefeller, just as he has had recently with former Vice President Nixon.

While these meetings are helpful to congressional leaders, they are not a substitute for study every day in the currently neglected field of executive action.

AN "ALTERNATE CABINET" or group of staff executives under the supervision of former Vice President Nixon and another und Gov. Rockefeller — if he gave up his work in Albany and came to Washington to perform a full-time task as a member of the "loyal opposition" — would provide a lot of information valuable to the electorate.

Speeches made throughout the country by leading candidates for the Republican nomination would then be based on a great deal of firsthand information and would certainly get more attention than the occasional commentaries heard on the stump today.

capial. The U. N. seems to be swayed by the emotional outbursts about "colonialism" which unhappily takes no account of the lack of training of half-civilized peoples to set up a government that will protect individual rights.

IT NOW LOOKS as if the U.N. will have to take a second look at recent events.

Is it to be a superstate? If so, the Communists are prepared to take control of the whole U.N. organization. They've for the last few years infiltrated Africa and have managed to corral a lot of the votes of the African states recently admitted to the U.N. which call themselves "non-aligned."

It is a sad period for the Western governments which not only believe in but practice democracy, and this means they respect property rights as well as human rights.

The Congo mess is the result of a failure to adhere to basic principles — to insist that self-government shall not be granted to colonies that are unable to govern themselves, and to make sure that when colonialism is abolished there is a real regard for property as well as human rights.

The Congo isn't ready as yet for self-government, but inasmuch as the Belgian government has withdrawn of its own accord, it is up to the Congolese to fight their own battles.

If the U.N. has any function there, it is to keep meddling foreigners out — including the Communists.

## Ann Landers

### ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband talks in his sleep regularly. He started this about three years ago when he changed jobs. He speaks distinctly and I can understand every word he says.

Usually he is talking to the girls in his office, calling them by name and asking them to bring out certain files. Sometimes he dictates complete letters.

Some mornings he wakes up tired and I say it's no wonder — he has done a day's work between midnight and 7 a.m.

Do sleep talkers get a good night's rest? Sometimes I worry about him. Thanks for any information you can give me. EMILY.

Dear Emily: It sounds as if your husband is getting more rest than you are. Sleep talkers get as good a night's rest as the silent ones, so don't worry about him.

Be grateful that he speaks distinctly. Some women who write tell me that their husbands mumble — and it drives them crazy.

### The Triangle Again

Dear Ann: I'm a mature woman, 26, and it's humiliating to have to write away for help.

For a year a certain Mr. X and I have been keeping steady com-

pany. He's attractive, a solid citizen and I thought reasonably sensible.

Three weeks ago he asked if he could bring an old school buddy along on a dinner date. I said, "Fine." The buddy turned out to be an attractive redhead who moved here from Cincinnati and "doesn't know anyone."

He has brought her along on every date since and I'm ready to crack up. She doesn't play up to him, just keeps thanking me for being sweet about her tagging along. I'm so annoyed that one word from you and I'd drop him.

But wouldn't that be playing into her hands? Should I keep my mouth shut and outsmart her? — SIXPENCE.

Dear Six: Your friend is having a whale of a good time at your expense. Tell him his behavior indicates a need for more company than you can provide and that he'd better find another hypotenuse for the triangle.

### Ungrateful Tennants

Dear Ann: I am heartsick. Some people we've known for years were down on their luck. My husband, I rented them a house to live in because they lost their own lovely home.

We are in the real estate busi-

ness and offered them a house until they got on their feet. We didn't want to insult them by giving it to them rent-free, so we asked for just enough to cover the taxes.

They seemed grateful and paid the rent for two months. For the next four months no payments came in. Last week we dropped by to see them and were shocked to find that they had moved out. Further checking revealed that they had skipped town and left no forwarding address.

I am hurt. My husband is angry. He wants to track them down no matter what the cost. What is your opinion? —VIKING.

Dear Viking: Why throw good money after bad — and waste time and energy as well? People who behave in an unconscionable manner pay a high price for their low standards. They'll get theirs. Forget it.

### Confidentially

TO GOLDEN GREEK: It's not the work but the worry that kills 'em. I think your friend needs some diversion from the diversion.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

# The Doctor Says

By DR. H. T. HYMAN

## Patient Pays High Tribute to Doctor

The following letter was written by a woman of 29 who was five months pregnant at the time she developed an almost fatal shock as the result of an injection into her vein of a drug that had quite properly been given to her previously and was quite properly being given again.

My impelling reasons for wanting to share this letter with you are (1) it provides the most vivid picture of the so-called anaphylactic shock I have ever read in or out of medical books; (2) it demonstrates the tremendous capacities of the "will-to-live" and (3) it reveals a nobility of character rarely encountered in our bustling, bustling world.

Almost immediately after the injection, or so it seemed, as I walked out of the door, I had a terrific itching (hives). As I crossed the street to get into my car, I scratched my back and drew blood which felt cooling. After I'd driven a few blocks, I knew I'd have to get back to the office because my hands, eyes and tongue were swelling at a rate I knew was dangerous.

"I passed out as I entered the waiting room and my doctor carried me to his emergency room. As I remember, he moved around as quickly and quietly as an imp, softly ordering drugs. And I remember, too, that police came with their equipment for artificial respiration.

"It was a terrific effort to breathe. To force air out of my lungs caused me such pain in my chest and back, I had to roll over on my side. As I did this, I felt another pain. My baby! And these labor pains gave me all the confidence I needed in myself for I made up my mind I'd fight as hard as my doctor was doing.

"After I was taken to the hospital I was drenched in perspiration and was the color of a purple balloon. They took me to the operating room to prepare for a

tracheotomy (an opening in the throat). I opened my eyes and saw gray and felt as though I was floating. I was very calm and felt that this form of dying was best.

"Then I felt another contraction of my uterus and I knew I was wrong. I had to help this unborn child. I had to help my doctor who had helped me so many, many times (I have three other children), for he is a good man and a good doctor, so conscientious he was saying a prayer right then.

"I couldn't speak to him to tell him that no one should blame him. I couldn't see, but I could hear. Just then a nurse shouted 'no pressure.' And then another answered 'no pulse.' And another sobbed 'She's so young and with three little ones at home.'

"Then my doctor shouted for some other drugs. I wanted to answer and say 'I'm not gone. Don't cry. I have all the confidence I need.' And then I felt a needle and knew it would help in spite of the fact that I seemed to be wandering away from life.

"My doctor stayed with me for 11 hours. I knew he was exhausted, too. Then we went back to the business of living and a few months later he delivered me of a 10-pound baby. And I named the baby after him because that name truly has a deep meaning.

"I know that other people might blame him and say this was his fault. Then he would suffer gossip because of their ignorance. That's why I'm writing you his letter. Physicians are human and must be sensitive or they'd never have chosen their profession. We patients need them. Yet, by our constant attacks, we may be chasing some fine prospects from the profession. It seems to me that before patients publicly condemn a doctor they should ask themselves if they are qualified to judge. Are they in full possession of the facts or are they merely looking for someone to blame?

"If Christ was known as the 'Healer,' we should adopt a more Christ-like attitude towards our twentieth century physicians and certainly not expect them to be miracle men."

Dr. H. T. Hyman

## Muscular Dystrophy Chapter Plans Drive

Columbiana County Chapter of Muscular Dystrophy Association of America held their first meeting of the year Monday evening at the Veterans of Foreign Wars post home in Lisbon.

John Cosma of Columbiana,

president, presided.

Speaker for the evening was Russell Catonese, executive secretary of the Cleveland branch. He presented pins to Mr. Cosma and the senior vice president, Mrs. Robert Calvin, for work accomplished.

The charter for the local chapter was received from New York. New committee chairmen were named as follows: Patient service, Mrs. Robert Ford of Lisbon; publicity, Mrs. Howard Cole of Lisbon; membership, Mrs. Ernest Reisinger of Lisbon and campaign, Miss Jane Royle of Salem. It was reported that there are

five children in Columbiana county with muscular dystrophy. Mr. Cosma will make arrangements to aid any other cases reported to the chapter.

The membership drive will begin Nov. 19 and 25 per cent of the funds taken in will remain in the local treasury to assist local patients.

The next meeting will be held Oct. 16 at 8 p.m. in the Salem V.F.W. post.

Attending the meeting from Salem were Miss Royle, Mrs. Calvin and Mrs. Albert Beeson, treasurer of the chapter.

about vitamins

Vitamins are the one product you must take on faith. You can't see them, taste them or smell them. That's why it's doubly important always to buy vitamins in a DRUG store, where you have specialists to advise you and where you are assured of getting full value for your money. (Some non-drug-store outlets, you know, charge from four to ten times as much for vitamins of the same potency your pharmacist offers.) So, get the very good habit of buying all health items at a DRUG store—this one.

## Movies to Precede Senior Citizens Activities Day

A program of free movies will begin Thursday at 3 p.m. at the Memorial Building. This will precede the regular Senior Citizens Club Activities day which will begin Sept. 28.

The movies are being offered to club members and men and women of Salem who are 60 years of age or over. They will include travelogues, educational, entertaining, historical and musical films, and are to be shown in the upstairs room. On the Thursday following the monthly meeting, which is the fourth Wednesday, there will be special pictures taken and narrated by local people. These special features will be announced in the club newsletter mailed monthly by the club director, Mrs. Raymond Stiver.

This free movie program is another of the many activities made available to the senior age men and women of Salem in keeping with the aims of the club sponsors which is to offer something for everyone regardless of their interests.

Election of officers will highlight the club's monthly meeting Sept. 27.

## Sujettes 4-H Club Members 'Adopt' Chinese Girl, Aged 12

Members of the Sujettes 4-H Club have a right to feel proud of their most recent project which is the "adoption" of a Chinese girl. The group had only \$2 in its treasury in June when they voted to "adopt" a foreign child. Within a month they had the necessary \$120 to pay for the year's adoption fees. This was raised by means of a rummage sale.

Two-year-old Yuen Wai Fong is now able to attend Swatow Christian Church Primary School in Hong Kong, which was made possible through her "adoption." Although her father has a small job, he can't feed his family, much less clothe the children and send them to school.

The child's name means "Wise," and her favorite subject is reading. Her favorite play is skipping rope. She knows no English so all correspondence with her must go through an interpreter.

The group sent her a Christmas gift this week, in order to insure its arrival in time for the holidays.

Mrs. David Kile of RD 4, Salem, and Mrs. William Griffiths of RD 1, Beloit, are the advisers of the club, with Barbara Kile as assistant adviser. The club was organized three years ago and has a present membership of 20. Patti Capel, Gayle Griffiths, Carol Kile and Joanne Todor are junior leaders.

The other club members are: Cheryl Barnett, Faye Barnett, Rhonda Brown, Kitty Camp, Deri Hendricks, Patty Hill, Nancy Hutcheson, Linda Karlen, Kathy and Margaret Kile, Joan Meisner, Diane Pack, Connie Spencer, Vicki Tetlow, Linda Todor and Diane Yuthers. The girls range in age from 10 through 17.

Community projects is one of the main purposes of the group. Some of these activities have been to make Easter eggs for shut-ins in the area; clean the kitchen and

dining area in the North Benton Presbyterian Church; donated clothing to a destitute child in the area; made contributions to IF-YE; donated tea towels to the North Benton Presbyterian Church; and sent tax stamps to the Cleveland Society for the Blind.

They are presently saving tax stamps to help finance an operation for a Salem infant. On several occasions the junior leaders have prepared meals when there is illness in homes in the community.

During the summer, the girls meet twice a month at the members' homes, with meetings recessed from September through February. Only one meeting is held during each of the remaining school months.

In addition to belonging to the Sujettes, seven of the members also belong to the Berlin Boots and Saddles 4-H Club. They are: Rhonda Brown, Gayle Griffiths, Patty Hill, Nancy Hutcheson, Carol, Kathy and Margaret Kile.

## 20 County Home Residents Feted By Lutheran Group

Approximately 20 women of the Columbia County Home are being entertained today by the United Lutheran Church Women of Holy Trinity Lutheran Church.

The day's activities was highlighted with a picnic dinner at Silver Park in Alliance. A guest at the dinner was Rev. Frederick Hein, director of the Lutheran Service Society of Youngstown, who had requested the outing for the ladies. In previous years, several churches combined to host the group.

The Women of the Church provided the transportation, food and program. The planning committee consisted of Mrs. John Kryk, chairman, Mrs. John Kehr Sr., a delegate to the Lutheran Service Society, Mrs. Howard Moore, Mrs. Joseph Wukotich and Mrs. Charles Becknell.

Assisting them are Mrs. Charles Davidson, Mrs. Paul Ritchie, Mrs. William Rance, Mrs. Glenn Whitehill, Mrs. Earl Collins, Mrs. Lester Lehman, Mrs. W. E. McKenzie, Mrs. Jack Bailey, Mrs. George Keister, Mrs. Nevin Halverstad, Mrs. Levi Fox and Mrs. Edward Jensen. Mr. and Mrs. Russell Phillips, superintendents of the Home, assisted in planning the event.

## Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations — making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3 — A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. ### E. Palestine Light Plant Pump Okayed

EAST PALESTINE—City Council, at its regular meeting Monday night, authorized the purchase of a boiler feed pump for the municipal light plant at a cost of \$5,325.

Council also approved the purchase of a booster pump to equalize water pressure in Neely Manor, where some 30 residents have complained of low water pressure. Cost of the pump has been set at \$725.

A discussion was held last night on property for a nursing home here. A citizens' committee is asking for the use of a city plot on which to build the home. The committee was advised by Council that the land could be leased but no sold.

### Brownie Waffles

1 1/4 cups sifted cake flour, 1/4 teaspoon salt, 2 squares (2 ounces) unsweetened chocolate, 2 eggs, 1/2 cup butter or margarine, 1 cup less 2 tablespoons sugar.

Sift together the flour and salt. Melt chocolate over hot water. Beat eggs until thick. Cream butter and sugar; beat in slightly cooled melted chocolate and eggs.

Gradually fold in sifted dry ingredients; mixture will be thick. Drop a generous tablespoon of mixture in center of each section of waffle grid.

Bake 3 minutes. Serve at once with chocolate sauce and vanilla ice cream. Makes 8 servings.

### Sherry Lime Pie

1 package (3 ounces) lime-flavored gelatin, 1/2 cup boiling water, 1/2 cup pale dry sherry, 1 cup heavy cream.

Dissolve gelatin in boiling water; stir in sherry. Chill until partly set; whip until frothy. Whip cream and fold in. Pour into pie shell; chill.

Note: Filling may be turned into six sherbet glasses or dessert dishes and served without pastry.

# Yanks Split With Orioles 0-1, 3-1; Clinch Pennant Tie

## Maris Fails To Homer In 9 Trips

By MIKE RATHET  
Associated Press Sports Writer

Roger Maris was held to an in-field single Tuesday night as the New York Yankees clinched at least a tie for the American League pennant by splitting a doubleheader with Baltimore.

Maris must hit two home runs tonight to officially tie Babe Ruth's home run record.

If he doesn't, he'll have eight more regularly scheduled games in which to tie or surpass the Bambino's 60-homer record of 1927, but will have to take the asterisk along with any record under the edict handed down by Commissioner Ford Frick.

That's the prospect facing Maris, who has 58 homers after failing to connect in nine tries against the Orioles' sharp pitchers, as he prepares to take his final official shots against right-hander Milt Pappas (12-8) if Hurricane Esther doesn't intervene.

### Wins Honor

The honor of clinching the tie for the Yankees' 26th pennant, their 11th in 13 years and the first under rookie manager Ralph Houk, went to left-hander Bud Daley who beat the Orioles 3-1 in the nightcap with a five-hitter.

Steve Barber won the opener for the Birds 1-0 with a four-hit job for his eighth shutout, tops in

the majors. Maris walked in the first, then failed to get a hit in three other at-bats.

In the second game, Maris fouled out in the first, got an in-field single in the third, grounded out in the fourth, hit a long foul in the seventh before flying out to center and struck out in the ninth for a 3-for-36 performance at Baltimore this season.

### Moose Belts 27th

Bill Skowron took up the homer slack for the Yankees, cracking his 27th, with one on in the fourth, for a 3-1 New York lead that stood up and reduced their magic number to one over the second-place Detroit Tigers.

The Tigers, who play an afternoon game against Los Angeles today, maintained a mathematical chance to tie for the pennant by beating the Angels 6-2 Tuesday.

Skowron's homer, with Elston Howard on base against Baltimore starter Skinny Brown (10-6), gave Daley his 12th win against 17 defeats. The lone Baltimore run came on Ron Hansen's homer leading off the third.

### Ford Suffers Loss

In the opener, Barber (17-11) had the Yankees completely in control while Baltimore's first inning run stood up and made Whitey Ford (24-4) the loser. The Orioles scored when Brooks Robinson singled, reached second as the ball got by Hec Lopez and scored on Jerry Adair's double.

The Tigers scored four in the first inning on singles by Billy Bruton and Norm Cash, doubles by Al Kaline and Rocky Colavito plus two wild pitches by Ken McBride (12-14) and an error. That was enough for Don Mossi (15-7), although he was tagged for homers by Eddie Yost and Steve Billek in a four-hit pitching performance.

## Red Wings Bow To Bisons 9-2

ROCHESTER, N.Y. (AP)—The Buffalo Bisons, all even with Rochester after snapping the Red Wings' five-game playoff winning streak, move into Rochester tonight for the third game of the International League playoff final.

Buffalo squared the series at on game apiece Tuesday night, winning 9-2. The Bisons clobbered four Red Wing pitchers for 12 hits, including two home runs by Don Micher.

Bill Smith for Buffalo and John Kucks for Rochester are the probable pitchers for tonight's game.

### Major League Stars

By The Associated Press  
Pitching—Steve Barber, Orioles, hurled four-hitter and kept Roger Maris hitless in 1-0 first-game victory over Yankees for his eighth shutout, tops in the majors.

Hitting—Gene Freese, Reds, hit two homers, the first with two on in the fourth highlighting a seven-run uprising, in 10-1 wallop of Pirates.

### JUNIOR BOWLERS MEETING

There will be a Junior Bowling League meeting Saturday at 10 a.m. at the Saxon Lanes.

All interested children, 8½ to 16 years of age, are urged to attend the meeting. Mrs. Richard Boughton will coach the youthful bowlers during the season. She will be assisted by Mrs. William Pauline.

## College Football Picks

By HAROLD CLAASSEN  
Associated Press Sports Writer

SAN FRANCISCO (AP)—Trying to find this weekend's flaming college football winners amidst the dying embers of the baseball season (last week's opening record: 15 winners in 18 tries for an 83.3 average):

Alabama over Georgia: Pat Trammel's passing to bring Alabama the decision in a contest marked by the rugged defense of both squads.

Penn State over Navy: There's no Joe Bellino in the Middles' backfield this season.

Syracuse over Oregon State: The Big Orange turns Ernie Davis loose on the West Coast.

Kansas over Texas Christian: It is a night affair at Fort Worth but the darkness won't hide the all-around ability of quarterback John Hadl, spearhead of the Jayhawk attack.

Purdue over Washington: The coast team's Rose Bowl lineup almost wiped out by graduation but don't weep too much. The Huskies still have Charley Mitchell. Ron DiGravio is the new Boilermaker passer and will decide.

### Elsewhere:

Miami over Kentucky, Georgia Tech over Southern California, Iowa State over Oklahoma State, Virginia over William & Mary, Texas over California.

East: Army over Richmond, Boston College over Cincinnati, Boston University over Buffalo, Villanova over Virginia Military.

Midwest: Indiana over Kansas State, Missouri over Washington State, Nebraska over North Dakota, Memphis State over Tulsa, Wisconsin over Utah.

South: The Citadel over George Washington, Florida over Clemson, Furman over Davidson, Mississippi over Arkansas, Mississippi State over Texas Tech, Duke over South Carolina, Vanderbilt over West Virginia.

Southwest: Baylor over Wake Forest, North Texas over Hardin-Simmons, Rice over Louisiana State, Houston over Texas A&M, West Texas over Brigham Young.

West: UCLA over Air Force, Arizona State over Wichita, Arizona over Colorado State University, New Mexico State over New Mexico, Tulane over Stanford, Utah State over Montana, North Carolina State over Wyoming.

## LA Drops Five Games Behind

# Dodgers' 7-3 Loss To Cubs About Wraps It Up For Reds

By CHARLES MAHER

Associated Press Sports Writer

LOS ANGELES (AP)—Barring a National League playoff series here—and the only thing less likely to be held here is the

Florida State Fair—this will be the Coliseum's last night as a major league baseball park.

The Dodgers, fading from the 1961 National League picture along with their vast stadium, play their final home game tonight against the Chicago Cubs,

who beat them 7-3 Tuesday night. The loss dropped the Dodgers five games behind league-leading Cincinnati.

The Coliseum, largest park in the majors, is hardly as rich in baseball history as the Dodgers' previous home in Brooklyn. But, in four seasons, it has had a few moments that will not be forgotten.

The Coliseum also is the home of one of the greatest curiosities in baseball history—the left-field

screen. In four seasons, 741 home runs have been hit at the Coliseum, and something like 80 or 85 per cent of them have gone to left field, sailing over or near the screen.

The home run records expected to be set here never materialized. But, because a 275-foot fly ball could drive in as many as four runs, the screen did invest each game with an extra element of suspense.

Perhaps one of the most exciting games was the final playoff of 1959, when the Dodgers took the National League pennant in a 12-inning thriller.

Earlier in the same season, on May 7, a crowd of 93,103 watched the Dodgers and Yankees play a benefit game for Roy Campanella, the paralyzed Dodger catcher. It was the largest turnout in U.S. baseball history.

The most curious baseball innovation introduced here, besides the screen, was the bugle call. Dozens of fans started bringing horns to the park. When the Dodgers came to bat, the blew cavalry calls and the crowd yelled: "Charge!"

Tuesday night, however, a different call was intoned by a musician in the left-field stands. In the top of the fifth inning, while the Dodgers were changing pitchers, the man with the horn played "Taps."

Perhaps he feels the same way about the Coliseum as Dodger Manager Walt Alston, who recently remarked:

"I'll be glad when we get the hell out of here."

## Etchevery Makes Cards Contenders

CLEVELAND (AP)—Sam (The Rifle) Etchevery, veteran quarterback, is the big hope of the St. Louis Cardinals and could be a problem to the Cleveland Browns in the latter's home opener Sunday.

Etchevery, new to the National Football League, survived his first test last Sunday against the usual sturdy defense of the New York Giants.

Despite a sore arm that kept him from throwing long passes, Etchevery clicked on 10 of 23 passes for 97 yards and one touchdown.

The 5-foot-11, 185-pounder was a standout in Canadian pro circles. Etchevery was a star quarterback with the Montreal Alouettes for nine seasons.

Etchevery, 31, led the Skyline Conference in total offense in his junior and senior years at the University of Denver.

## Mets Ready To Enter NL

### Hornsby Scout In-Chicago Area

CHICAGO (AP)—The fact-finding committee has all but completed its job for the New York Mets who hope their debut in the National League next season will be nothing short of successful.

Rogers Hornsby, the Mets' chief scout in the Chicago area, has gone about his job as diligently as he did when he was winning batting championships and earning his way into baseball's Hall of Fame.

Hornsby has scouted both National League American League teams and feels the Mets will come up with a team better than the 1961 American League entries of Washington and Los Angeles.

"Those two teams did real well," says Hornsby. "A lot of people figured they'd be lucky to win 100 games between them. They fooled all those people and we hope to do even better."

"I don't know for sure," said Hornsby, "but I have a pretty good idea of the players we'll get a chance to draft."

"I can't reveal any names but when I turn in my reports I indicate which players will be a bigger help to us in the Polo Grounds. That's where we'll start playing our games."

The Mets have scouts like Hornsby in nearly all the major league areas. Their reports are being submitted to General Manager George Weiss in New York.

From these reports, the Mets will decide which players are worth taking once the other clubs in the league reveal what players they are willing to let go.

## OSU Rushing Getting Spotlight

COLUMBUS, Ohio (AP)—Ohio State's tried and true running game is getting the spotlight these days.

The ground offensive tactics don't mean Coach Woody Hayes is deserting an aerial attack. The reason is the Buck's top quarterback and passer, Bill Mrukowski, is hospitalized, recuperating from a seige of virus.

Mrukowski and halfback Ed Ulmer joined end Chuck Bryant in University Hospital Tuesday. All are trying to retain their strength after being hit by the virus.

While Mrukowski is shelved, Hayes is working out kinks in the running game, alternating sophomore Joe Sparma and senior Jack Wallace at the quarterback post.

## Vikings' Tarkenton Leads NFL In Passing

NEW YORK (AP)—Who says a rookie quarterback can't run a National Football League team?

A week ago Francis Tarkenton was just a guy showing a lot of promise with the brand new Minnesota Vikings. Today he leads the league in individual passing figures released by NFL headquarters.

Rookie Tarkenton threw four touchdown passes and scored six points himself Sunday in Minnesota's debut, a 37-13 victory over the Chicago Bears.

And the kid from Georgia proved he was a take-charge fellow in the process. Once during the game, old pro Hugh McElhenry said in huddle:

"I'm tired."

Tarkenton eyed old Hugh and then called the veteran's signal.

After the game, McElhenry said:

"Tarkenton's a natural leader. He really lets you know who's running the club."

Tarkenton piled up 250 yards with his passing and wound up the NFL's first week of play with a completion percentage of 73.9, tops in the 14-team circuit. San Francisco's John Brodie wasn't far behind with a 72.7 percentage.

Halfback Tom Wilson of the Los Angeles Rams stacked up the most yardage on the ground with 118 yards. Next is fullback Joe Perry of Baltimore with 106.

The honor of playing most times on a winning World Series team belongs to Joe DiMaggio. He was on nine winners as a Yankee.

## Dodgers Bow to Cubs 7-3, Drop Five Games Out Of 1st

By MIKE RATHET  
Associated Press Sports Writer

They're playing taps for the Dodgers in Los Angeles while Cincinnati's rambunctious Reds ride their pennant-bound express to their first National League flag in 21 years.

The Reds, a patchwork outfit that includes a host of youngsters and a batch of castoffs, ballooned their lead to five games over the Dodgers Tuesday night by walloping the Pittsburgh Pirates 10-1 for their seventh victory in the last eight games.

**Magic Number Is 5**

The triumph, coupled with Los Angeles' second straight loss to the seventh-place Chicago Cubs, 7-3, reduced the Reds' magic number to five. Any combination of five Cincinnati victories or Dodger defeats will give the Reds their first pennant since 1940.

It was a typical story for the Reds as trade acquisition Gene Freese smacked two homers, including a key three-run shot in a seven-run fourth-inning rally, and 24-year-old Jim O'Toole won his sixth in a row bringing his pitching record to 17-9.

**Six More Homers**

San Francisco and Milwaukee players hammered four homers each before Ed Bailey's ninth-inning single drove in the winning run for the Giants' 11-10 victory. St. Louis blanked Philadelphia 3-0 as Curt Simmons vied

his former teammates.

O'Toole stopped the Pirates on seven hits, allowing their only run in the fifth on Hal Smith's single, a double by Bill Mazeroski and an infield out. The Reds laced Pittsburgh starter Bob Friend (14-18) for seven runs in the fourth. Freese's solo shot in the seventh, his 26th homer, ended the scoring for the Reds, who pounded Friend and three successors for 15 hits.

**Wins His Own Game**

Bob Anderson (7-9), who hadn't completed a game in 10 previous starts, went the route for the Cubs and knocked in the winning runs with a two-run homer in the fourth.

Bailey's single settled a homer battle. Willie Mays, who smashed a grand slam, Orlando Cepeda, Jim Davenport and Bailey connected for the Giants. Joe Adcock Roy McMillan, Ed Mathews and Frank Bolling homered for the Braves. Reliever Stu Miller (14-4) won it with the loss charged to Carl Willey (5-12). Warren Spahn was sent to the showers in the second inning without victory No. 20.

## Stepanic's Beat Hillcrest 5-2

Winning pitcher Ben Roelen banged out a double and two singles in four trips to the plate as Stepanic's Tavern downed Campbell Hillcrest Tavern 5-2 in Salem Invitational Softball Tournament action Tuesday night.

The winners scored lone runs in all but the fifth and sixth innings as they tagged losing pitcher Elmer Krancevich for seven safeties while holding Hillcrest to lone tallies in the first and third stanzas.

Dick Andric and Dave Draculich smacked a double and a triple, respectively, to aid the winning cause. Joe Stanivich connected for a double in the sixth for the losers' only extra-base hit.

In action tonight Salem Stampington will battle the Jaycees in a City Slo-Pitch tilt at 6:30 p.m. followed by Midland Local 1212 challenging Youngstown Palkovic Insurance at 8 p.m.

Action will resume Saturday with all remaining teams seeing action. Cleveland Double XX Bar and the Racoon Owls, the only teams still undefeated, will meet at 6 p.m. followed by Warren Ad- ept Machine playing Wednesday's 8 p.m. winner at 7 p.m. In the nightcap Akron Angies Pizza will battle Stepanic's Tavern at 8 p.m.

## Spahn Wants Another Try At 20th Win

SAN FRANCISCO (AP)—South- paw ace Warren Spahn, blasted in his last two starts, wants another shot, as soon as possible, at his 20th victory.

He had allowed just one homer in 77 innings when he took the mound against the Giants here Tuesday, but left before a batter was out in the fourth inning, trailing 7-2 on four San Francisco home runs.

The 40-year-old left-hander seeking his 12th season of 20 vic- tories, had won 10 straight games and has a 19-12 record before last Friday. Then he lasted only into the second inning at Los Angeles before leaving with his 13th de- feat.

Here Tuesday, the Braves went ahead 9-7 before losing 11-10, so no decision went on Spahn's re- cord.

It was windless in Candlestick Park when Spahn pitched and he commented, "That ball really hops out of here when there's no wind. But don't make any excuses for me, please."

Eight homers in the game were the most ever hit out of usually blustery Candlestick since it opened at the start of the 1960 season.

## Tribe Splits With Athletics 0-6, 6-2

CLEVELAND (AP) — Cleve- land Indians catcher Valmy Thom- as hit his first home run of the year Tuesday night and rookie first baseman Hal Jones hit his first in the major leagues.

But Tito Francona's two-run single and successful squeeze bunt were the vital hits in the Indians' 6-2 victory over Kansas City in the nightcap of a double header. The Indians lost the opener 6-0.

Francona's safeties were all Gary Bell (11-15) really needed. Bell gave up 12 hits, but was tough in the jams as the Athletics stranded 12 base runners. The righthander fanned 10 and walked two.

Jim Archer limited the Indians to six hits in the opener to break a personal losing streak of six games. Dick Stigman suffered his fifth loss against two victories. Bobby Del Greco had a homer for the A's.

Jones and third baseman Jack Kubiszyn singled to start the In- dians' second inning in the night- cap. After Jones was picked off second—Bell singled and Ty Cline walked to fill the bases. Francona then came through with his two- run single to put Cleveland ahead 2-0.

The Athletics got back a run in the fourth, but Cleveland made it 4-1 in their half of the inning. Cline tripled scoring Kubiszyn, who had beat out a bunt. Fran- cona then deftly laid down a bunt and Cline sped home.

Thomas homered in the sixth and Jones hit for the distance in the seventh.

Barry Latman (13-4) was the Indians' choice to hurl tonight against the A's Jerry Walker (7-13).

During the past ten years, open- ing morning of squirrel season was a looked-forward to event. Many hunters "hit the sack" as soon as the sun went down and set the alarm to rise and shine at 4 a.m. Some lunch counters were packed with hunters getting their coffee, hot cakes or ham and eggs. All were in high spirits and eager to get into the woods before daybreak to sit quietly and concealed waiting for the bushy tails, and go home with the limit by the time the sun was high in the sky.

Times have certainly changed within the past few years. If the coffee shops in the locality de- pended on the hunter trade, they would soon be out of business.

Many people used to enjoy fried squirrel, squirrel stew or baked squirrel. Old timers like myself used to skin the squirrels in a way that few hairs had to be picked later. Preparing the squir- rel for cooking was an art in it- self. Even the top portion of the head was cleaned and the brains in the upper half of the skull were included in the stew, some- thing that might be repulsive to present day tenderfoots.

**OUT OF DOORS with Field & Stream**

By RUFUS LIDE

A GOOD population of local hunters took off for the southern Ohio hills, where they know some farmer that has woods with squir- rels, while others hit Shawnee Forest or other state-owned lands where squirrels exist. From what I can gather, this is one reason why the hunting pressure has dropped in Columbiana County to an all-time low.

I intend to check with some of the biggest hunting license agen- cies in this county and see if there is any decline in the normal sale of licenses. Hunting is like fishing these days, where the nim- rods drive a couple of hundred miles where they think hunting or fishing is better and think nothing of it.

**Advance To AA Finals**

In Class AA Softball action last night Old Dutch Beer forfeited to Herron Transfer in the final game of a three-game series to de- termine which team will advance to the playoffs against Stepanic's Tavern.

Scheduling of the finals has not been completed. Stepanic's ad- vanced to the finals by downing Shaf- fer Ford in a best-of-three series.

## Washingtonville to Sign Up Some Voters

WASHINGTONVILLE — The Mahoning County Board of Elections has arranged special registration for residents of Mahoning County who are not registered voters.

Lists including time, dates and time for these special registrations are posted in the Post Office, Jeans Grocery and Lindsay's Grocery. The last day to register is Sept. 27.

Voters affected are those residing on the north part of Washingtonville which is Mahoning County.

## Peach Pie With a Lattice Top Crust

If it's your ambition to turn out one of summer's best delights—a fresh peach pie with some suggestions to guide you. Use freestone peaches; they're easiest to slice. Have the fruit just ripe—not too hard, not too soft.

Dip the peaches into boiling water for a moment or so, then slip off the skins by giving them a tug with the edge of a knife and your thumb.

Use the flavoring that suits your family. We suggest cinnamon in the following recipe, but nutmeg or mace may be substituted.

And so to the pastry. A lattice-top crust needs careful measuring and cutting to look its best and bake its best.

Pastry cloths on which to roll out pie dough and covers for rolling pins make pie-making so much easier than it used to be. The markings on the cloths make measuring a cinch.

Some of these pastry cloths come with wooden rods and metal strips that keep the cloth firm on your work space. And we mean work space!

Until recently we had used one of these pastry cloth arrangements on a regular kitchen counter top. In our new test kitchen we have a huge round marble-topped pastry center, and we find the metal strips hold as firm on the rounded surface as

they do on a straight one. If you make pies often, and even if you don't, keep your pastry-making equipment together; beside the pastry cloth and rolling pin and its cover should go a pastry blender and a pastry wheel.

### PEACH LATTICE PIE

Pastry for 2 crust pie, 1 cup sugar, 3 tablespoons flour, ¼ teaspoon cinnamon, 2 tablespoons lemon juice, 5 cups sliced peeled peaches, 2 tablespoons butter or margarine.

Prepare pastry and divide almost in half. Using the larger half, roll out on prepared pastry cloth to 9-inch size as marked on cloth or to about 1 inch larger around than a 9-inch pie pan held upside down over the pastry.

Lift pastry and fit into 9-inch pie pan. Trim edge if necessary, leaving a ½-inch overhang. Roll out second half of pastry. Cut into ½ to ¾ inch strips using a pastry wheel.

Stir together well the sugar, flour and cinnamon. Measure lemon juice into a bowl and as you slice and measure the peaches, add them to the lemon juice, tossing to coat the peaches with the juice and keep them from turning dark.

Drain off lemon juice (unless you want a tart pie) and mix peaches with the sugar mixture; turn into prepared pastry-lined pie pan. Dot with butter. Place

half the pastry strips over the pie.

Starting at center, fold back every other strip and weave additional strips diagonally across pie, under and over strips until top is covered.

Press ends of strips to rim. Fold the overhanging crust up and over and flute the edge. Bake in a hot (400 degrees) oven 45 to 50 minutes or until pastry is golden brown.

### Granges

#### Pomona Grange Installs

The Columbiana County Pomona Grange held its annual installation of officers at Calcutta Grange with an installing team from Smith Grange in Mahoning County in charge. Ed. Stratton of Salem served as installing master.

Pomona officers installed were: Master, Lowell Smith of Greeley Grange; overseer, Paul Oyer of Bavard Grange; lecturer, Mrs. Paul Oyer of Bayard Grange; steward, Dallas Rupp of West Point Grange; assistant steward, Donald Sanor of Willow Grove Grange; chaplain, Charles Vincent of Salem Grange; treasurer, Raymond Heim of Greeley Grange; secretary, Mrs. Henry Klitz of Unity Grange; Ceres, Loretta Oyer of Bayard Grange; Pomona,

Mrs. Harry Sherwood of Willow Grove Grange; Flora, Mrs. Harold Fox of Unity Grange; lady assistant, Donette Sanor of Willow Grove Grange; executive committee member for three years, Dwight Hickman of Calcutta Grange and juvenile matron, Mrs. Lowell Smith.

The officers of Calcutta were installed along with Pomona officers.

The following committees were announced by the master: Pomona project, Mrs. Charles Waefler, chairman, Mrs. Clarence Crosser, Mrs. Arlan Hoopes and Charles Morlan; youth committee, Mr. and Mrs. Earl Brown, chairman, Ethel Duke, Harry Foster and Keith Halen and legislative committee, Carl Daiger, chair-

man, Kenneth Bell and W. A. Morris.

Remarks were made by Ed Stratton and Harry Watkins, Mahoning County Pomona Grange master.

The installing team and the Calcutta Grange were thanked for their work and hospitality.

The 5th degree will be held at Unity Grange Oct. 14, with the team from Trumbull County.

### With The Patients

Dennis Devan, 11, son of Mr. and Mrs. Paul Devan of 884 Franklin St., is recovering in the Southside Hospital in Youngstown where he was taken after accidentally swallowing the cork from a squirt gun. The object was removed at the hospital.

**A LIGHT CHRISTMAS**—Rushing the season, giant Christmas angel appears on lampposts of downtown Detroit. The preview of the Christmas decorations was arranged by local businessmen.

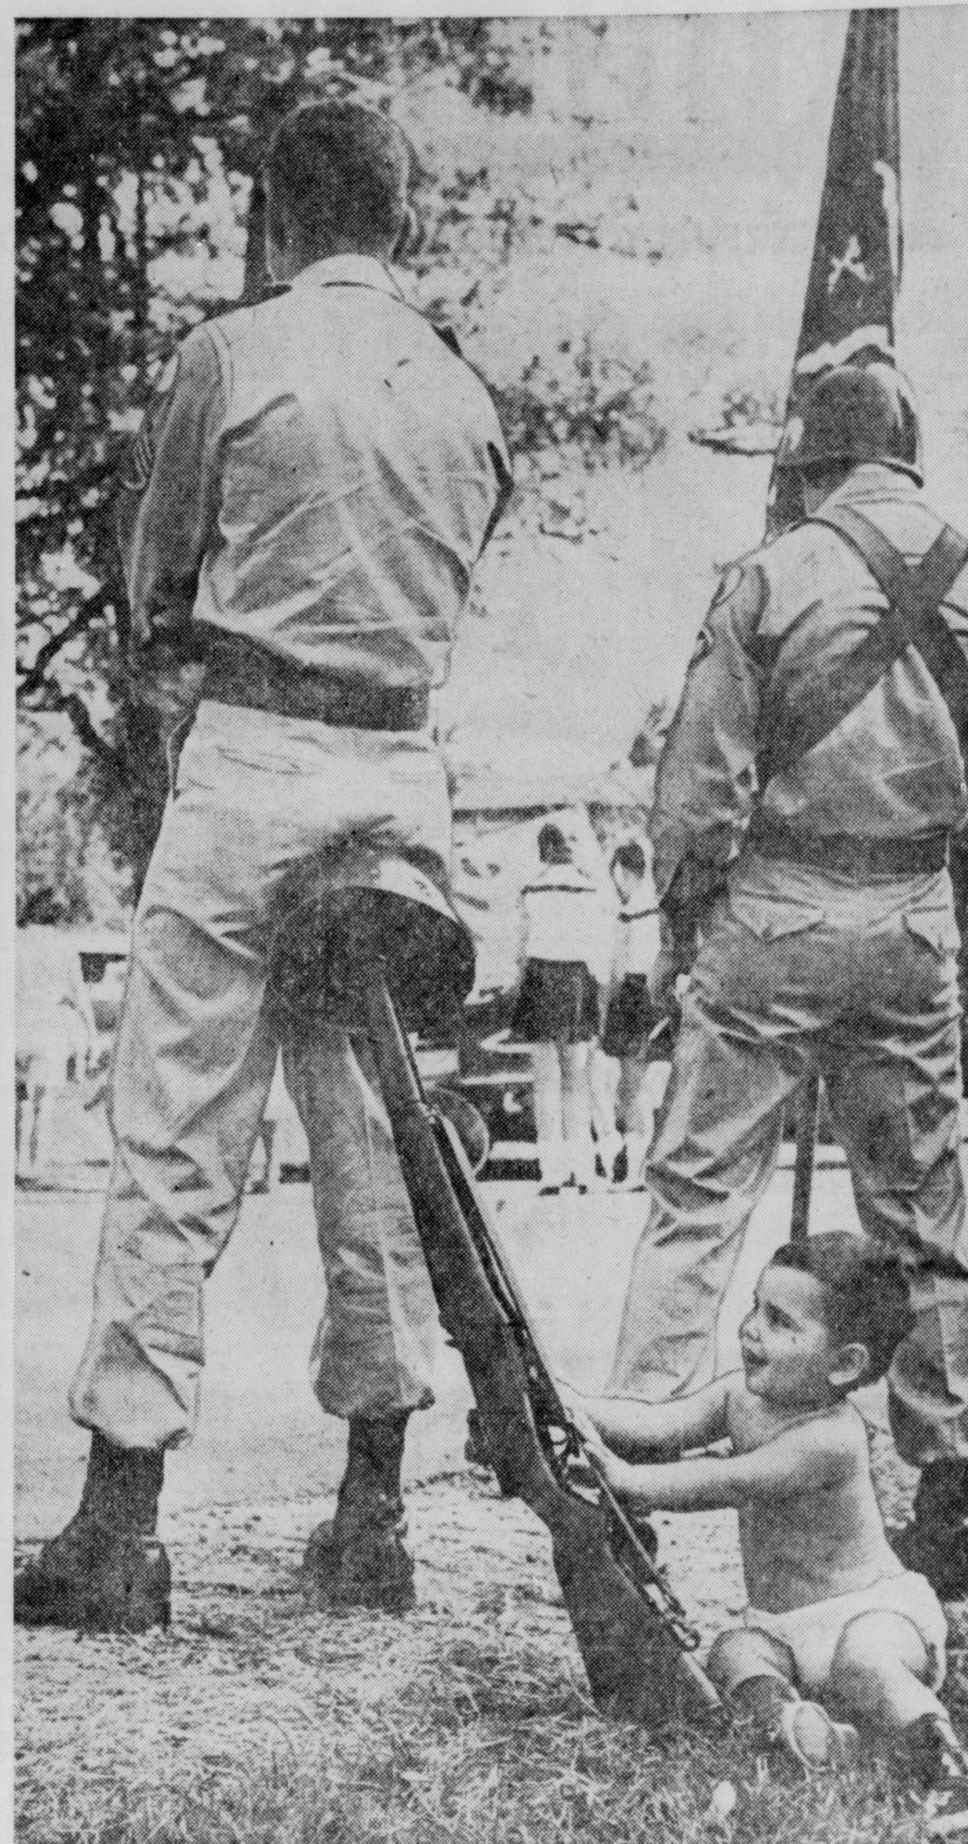

**HAM FOR LUNCH**—Even at feeding time this bear has to "ham it up" a bit. Janice Higgs is amused by the two-month-old cub as he guzzles milk at the zoo in Bedfordshire, England.

**LOGGING SOME PUBLICITY TIME**—Three Cypress Gardens, Fla., cuties make sure they put their best feet forward for publicity department as they go log-rolling. They seem well-equipped to play their respective log roles.

**PLENTY OF HORN**—Karl Luescher puffs out a tune on that alphorn during annual William Tell Festival held in town of New Glarus, Wis.

**AN ATTENTION GETTER**—Eighteen-month-old Kevin Kolbrecki of Greenbelt, Md., toys with the rifle of Sgt. Dana Green of the Maryland National Guard during a break. Green had participated in a parade and was enjoying (until now) a rest.

It takes two hours to produce a square yard of carpet on loom.

## HEIRLOOM ART

**WEAVING A PROFIT** into her spare time, Mrs. Carl Trumpold uses antique tools to make rugs in basement of her Amana, Ia., home. She weaves rugs out of "yarn" she has made herself from gaily-colored cloth strips. These are wound on a century-old garmwinde, a device that keeps the wool at the right height and tension for the loom. She shifts the shuttle back and forth on the loom while her foot pumps a pedal to position the binding thread.

Shifting the shuttle, she weaves yarn.

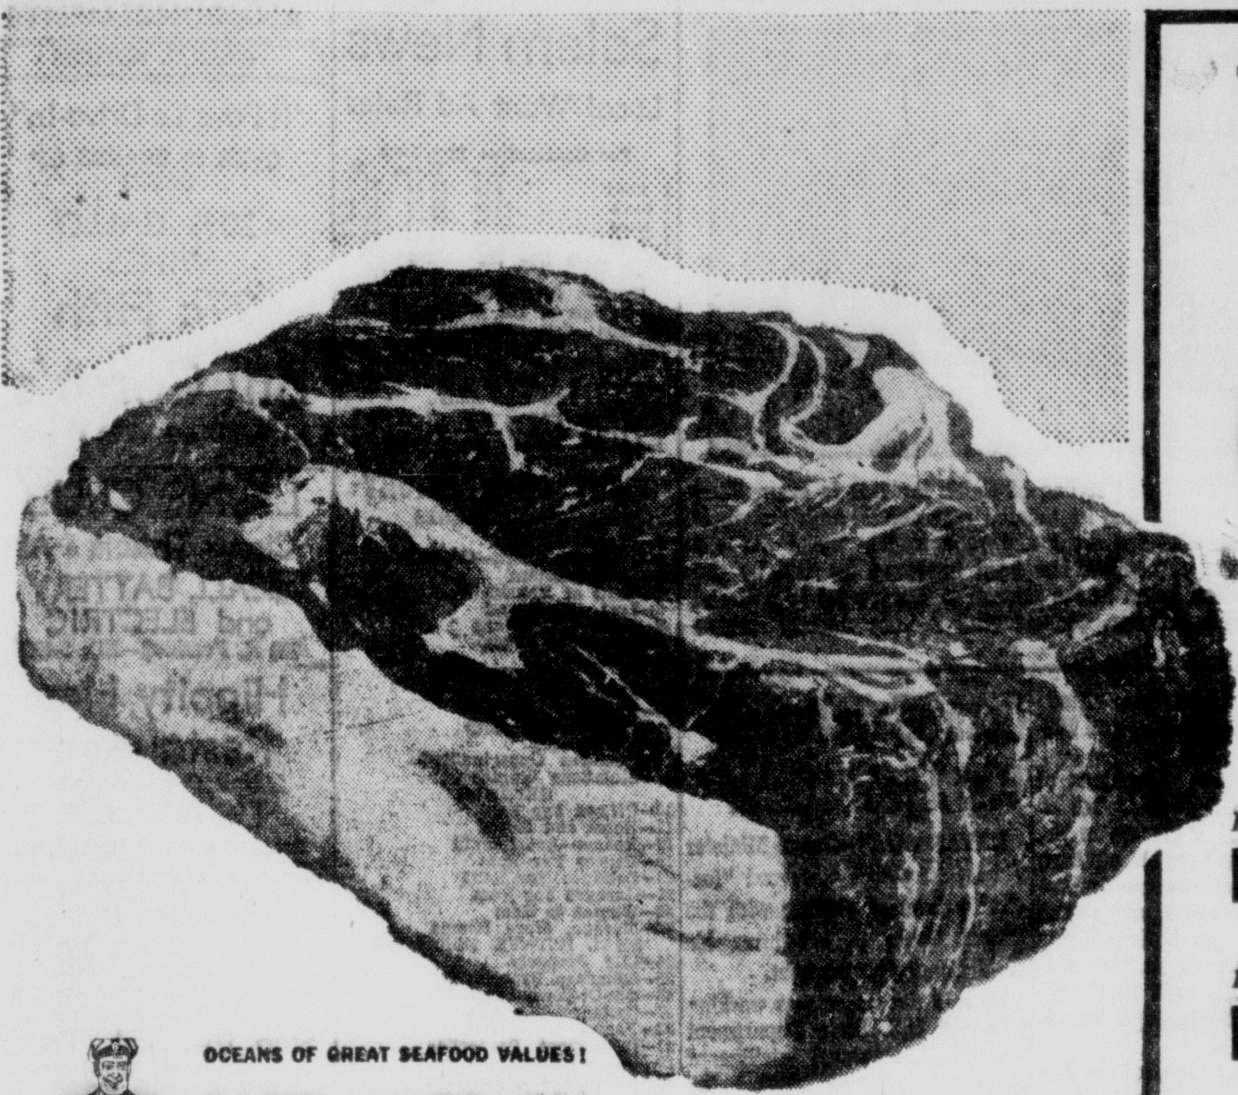

She demonstrates an old garmwinde (yarn winder).

Mrs. Trumpold displays some of her finished products.

## Columbiana Council Adopt Trailer Ban

COLUMBIANA — Village Council last night gave first reading to an ordinance prohibiting house trailers within the village limits.

The zoning laws of Columbiana do not, at present, make special provisions for house trailers. Since they cannot be classed as dwellings and do not come under present provisions of the zoning ordinance.

After the ordinance becomes effective, installation and occupancy of house trailers is prohibited. However, this does not pertain to those now located and occupied in the community.

If a trailer is found to be in violation of these terms of the ordinance, the owners shall be given notice to remove it within 90 days or face a fine of up to \$50.

The planning commission of Columbiana can establish a new zone within the village as a trailer park area.

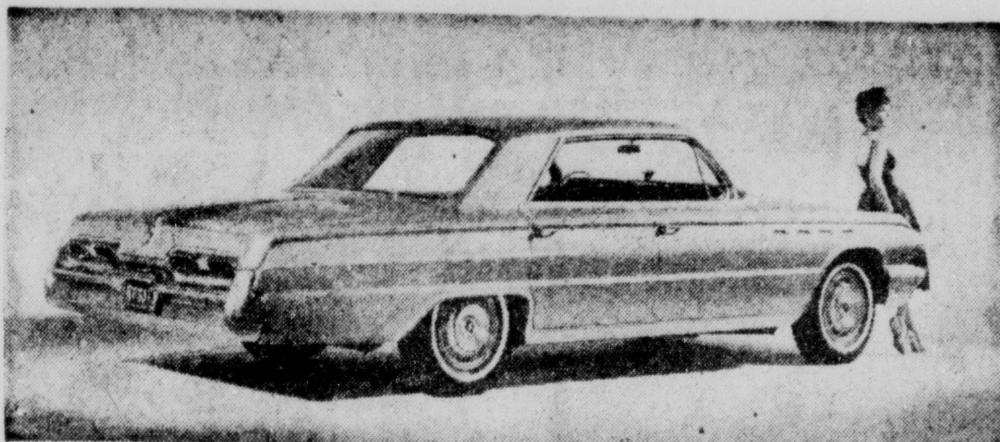

THE NORTHERN COLUMBIANA County Alumnae Club of the Ohio State University will meet Sept. 26 at 8:30 p.m. at the Presbyterian Church House on East Park Ave.

Charles Linn, guidance counselor in Columbiana Schools, will be the speaker.

A recent workshop of the Ohio State University Alumnae Council in Columbus, was attended by Mrs. Floyd Guterba, national public relations chairman, and Mrs. Joe Hoffman of the local club.

The meetings were held in the two scholarship houses that are supported by the local alumnae clubs.

Mr. and Mrs. Edward Dailey entertained at a Sunday supper in their home on Metz Road in honor of their guests, Mr. and Mrs. Robert Crowson of Jonesboro, Ark. Mr. and Mrs. George Todd of Rogers, Mr. and Mrs. Dudley Gillham of Columbiana.

**BUICK STYLING FOR '62** — The clean, uncluttered styling of Buick for 1962 is exemplified in the Electra 225 series with its sporty new roofline and its tailored rear decklid with the wind-split down the center. The long, sweeping lines of the front and rear fenders make the car look bigger without increasing its size. Passenger comfort has been improved for 1962 by the almost complete elimination of the transmission hump in the floor. The Electra 225 is powered by a 401 cubic inch V-8 engine with four-barrel carburetor, coupled with Buick's smooth Turbine Drive transmission.

and Mr. and Mrs. Kenneth Mounitz of Salem were dinner guests. Mr. Todd, Mr. Crowson, and Mr. Dailey were stationed at Kirch Goens, Germany, with the United States Army at the same time. Mr. and Mrs. Crowson left for Jonesboro on Tuesday.

**A SPECIAL MEETING** of the Order of the Eastern Star was held last night at the lodge hall. The Canton Chapter 190 (friendly chapter) were their guests. Mrs. Doris Preston of Leesville, worthy grand matron, attended the meeting.

Postmaster Lloyd Crawford and his staff from the Post Office went to Salem Thursday for instructions on the new schedule of receiving and dispatching mail from the local office.

Under the plan, which goes into effect Oct. 1, Salem will be established as a District Office in the Post office department's new Sectional Office Plan. The system is intended to speed up the flow of mail both into and out of the local office.

Postmaster Crawford indicated that introduction of the system will cause some revision of the time schedule for receiving and dispatching mail here. He plans to give full publicity to the schedule before Oct. 1.

Others who went to Salem for the meeting were Walter Messersmith, assistant postmaster, Fred

Liston, Andy Cartwright, Frieda Berryman, Mary Duffy, and Helen Wilson.

Betty J. Camp, daughter of Mrs. Olive M. Crawford, 248 E. Park Ave., and a private in the Women's Army Corp, has been assigned to Fort Benjamin Harrison, Ind., following completion of eight weeks of basic training at the WAC Center at Fort McClellan, Ala. She is a 1960 graduate of Columbiana High School.

**A JOINT MEETING** of the five circles of the local Lutheran Church was held Tuesday evening, with about 50 women present.

Mrs. Ray Roch led devotions. Rev. A. A. Anderson presented the Bible study and Mrs. Anderson had the "Cause of the Month" which dealt with parish education.

Lunch was served by Mrs. Naomi Nichols, Mrs. Howard Burk, Mrs. George Griner and Mrs. Richard Esenwein.

Mrs. Lena Schweninger of Bruchsel, Germany, who has been in the States since June visiting relatives, is now spending several weeks with her sister, Mrs. Andrew Steeb of Elm St.

Mrs. Olga Gillman, who was injured in an automobile accident, is in fairly good condition at Salem City Hospital.

Marriage license has been issued to Edward Keck, a postal employe, and Stella Blosser, both of Columbiana.

**THE TWILIGHTERS** met Tuesday with 39 in attendance. After a business meeting conducted by the president, Cora Henry, sewing, making of wood fibre flowers, Chinese Checkers and shuffle board were enjoyed.

Mrs. Byron Snyder had devotions and read several poems, one written by a former Columbiana man, Walter Augustine.

Lunch was served by Anna Mehnert and Katie Miller, assisted by Ray Fisher and Robert Tieman. Next meeting is Oct. 17.

**2 FINED AT LISBON**  
LISBON — Two men were fined a total of \$30 and costs Tuesday by County Judge James L. MacDonald when they were found guilty of traffic violations filed by the state highway patrol.

John Allen, 36, of Salineville, RD was fined \$20 and costs for driving left of center line and Rollin L. Scott, 65, of Lisbon RD was fined \$10 and costs for crossing yellow line in a hazardous zone.

**FIRE CHIEF ON TRIP**  
Salem Fire Chief Clarence Wright left for Las Vegas, Nev., today to attend the International Fire Chiefs Convention scheduled Sept. 24-28.

## Castro Says Priests Plot Against Cuba

HAVANA (AP)—Prime Minister Fidel Castro today accused "fascist" priests of plotting with the United States to overthrow his revolutionary government.

He said the clergy was working with the U.S. State Department and the U.S. Central Intelligence Agency to promote internal disorders and organize an international campaign against Cuba.

Castro cited the antigovernment demonstration that began as a religious procession in front of Havana's Roman Catholic Church of Charity Sept. 10.

Despite the fact that one man was killed, he said the clergy went ahead and organized another hostile demonstration last Sunday in Regla, on the outskirts of Havana.

Warning that if this happens again the government will not issue permits for religious processions, he said: "When we launch the masses into the streets we will crush the government's enemies."

Last Sunday the government deported 136 Cuban and foreign-born priests. The prime minister said those expelled for counterrevolutionary activities will lose their rights as Cuban citizens.

## Granges

**West Point Installation**  
Installation of new officers will be held when the West Point Grange meets Friday evening for the regular meeting.

County Deputy Master Jack Pozenil will be the installing officer.

## United PTA to Meet On Friday Evening

The United School Parent-Teacher Association will hold its first meeting Friday at 8 p.m. in the high school auditorium.

James L. McBride, Columbiana County Superintendent of Schools, will discuss school law, to be followed by a question and answer period.

Mrs. Anna Gruber, Heart Association nurse, will show a 10-minute film on the heart. Dale Gates will introduce the members of the faculty.

William C. Maple, president, will preside.

An oceanarium is a huge steel and concrete tank built near the ocean so that plenty of sea water is at hand.

## Advertising's third dimension

In addition to length and width, a newspaper advertisement has a third dimension—thickness. Thickness is represented by circulation, the number of advertisements printed and actually delivered.

You pay for an advertisement on the basis of length and width, but what you really buy is the opportunity to talk about your merchandise or service to a specified number of readers. Laid one upon another, a one inch stack of your advertisements in this newspaper equals 300 homes reached.

Thickness . . . or circulation . . . is the dimension that gives promise to your sales message, that it will reach potential customers.

It is important for you to know whether circulation is a promise or a fact.

The ABC insigne assures you that our circulation is measured by the highest standards in the advertising

and publishing industry. It is the symbol of our membership in the Audit Bureau of Circulations.

ABC is an independent auditing organization whose sole purpose is to give accurate and factual circulation reports. ABC audits are trusted by national advertisers and advertising agencies. They can be trusted by you.

Our tell-all ABC report shows how much circulation we actually deliver, where these copies are distributed, how much readers pay, and other information you should know about the thickness of your advertising here — facts, without opinions, compiled from a physical audit of circulation records by traveling ABC auditors.

When buying advertising, be sure to measure all three dimensions — length, width, and thickness.

Insist on facts. Be ABC sure!

## This And That

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

No one has counted the number of left-handed people in the world, but they may number 200 million. The chances against having a southpaw child in the United States are estimated at about 24 to 1.

Ever worry about being struck by a falling meteorite? You are more likely to be hit by a falling airplane. Scientists estimate at least 75 million meteoric particles enter the earth's atmosphere every day, all but one or two of which are burned up before reaching the ground.

We take handkerchiefs for granted now, but once they were an ornament worn only by the wealthy. The penalty for stealing a handkerchief in Elizabethan England was nothing to be sneezed at—it was death.

The first "air mail" was carried by homing pigeons. Egyptians and Persians used racing pigeons to deliver messages more than 3,000 years ago.

The nation's motor vehicle owners now pay gasoline taxes at the rate of \$182 a second.

If your pet pooch is missing at mealtime in San Francisco, you can dial L-O-S-T-D-O-G on your telephone and listen to recorded descriptions of missing dogs brought to the ASPCA.

Can you name a U.S. president who was taught to write by his wife? He was Andrew Johnson, who never went to school. Eliza McCordle, whom he later married,

taught him when he was about 17. You and your wife probably have 32 teeth each—or did! but it's different in the horse family. The horse has 40 teeth, the mare usually has only 36.

The last words of Henri Toulouse-Lautrec, were "The old fool!" They were addressed to his father. As the famous painter lay dying, his eccentric, heedless parent was busying himself shooting owls from a tower.

In the century before the World War I erupted, between 30 and 40 million people from Europe left what they had behind to come here to find something else. What are those of us here now looking for?

The White donkey in Saudi Arabia, known for its sturdiness, can tote for long distances loads equal to its own weight. Many an American father, worrying about how to finance two kids through four years of college, would regard the animal as an amateur.

It was Mark Twain who observed, "The only way to keep your health is to eat what you don't want, drink what you don't like, and do what you'd rather not."

### DIABETES PROGRAM

SANDUSKY, Ohio (AP) — A program for diabetes detection will begin in Erie County in October. Dr. E.W. Arnold, county health commissioner, announced Tuesday free blood tests will be offered to anyone over 35, relatives of diabetics and overweight persons.

## Dedication of Cumberland Locks Planned Sept. 28

Secretary of the Army Elvis J. Stahl, Jr., will be the principal speaker when dedication ceremonies are held at the New Cumberland locks and dam at Stratton on the Ohio River Thursday, Sept. 28. A picture of the completed structure is shown above.

H. Nelson Lang of Wheeling Steel Corp., J. K. Deasy, Weirton Steel Co., and Common Pleas Judge J. J. Greisinger of Jefferson County are serving as co-chairmen of the dedication committee.

The dedicatory luncheon will be held in the Masonic Temple in Steubenville at 12 noon. A parade of boats from Steubenville to the site of the New Cumberland Dam is scheduled from 1:15 to 3:30 p.m. and the dedicatory address by Army Secretary Stahl is scheduled immediately after the arrival of the boats at the dam site.

This \$40 million dollar dam and locks now in operation on the Ohio River at Stratton will be the first structure to be completed in the 20-year program of the Army Corps of Engineers to modernize and re-construct navigation facilities on the Ohio River.

It is viewed as a new era of progress for the upper Ohio river valley.

## Wheat Payments To Be Made As Agreements Are Signed

LISBON — Up to one half of the payment wheat producers may earn under the special 1962 wheat stabilization program will be made at the time agreements are signed, according to L. E. Lora, county agricultural, stabilization conservation office manager.

Producers who participate must reduce the wheat acreage at least 10 per cent below their wheat acreage allotment. The payment for the first 10 per cent diverted will be equal to the basic county support rate for number one wheat multiplied by 45 per cent of the adjusted yield per acre for the farm.

Producers can earn further payments by reducing their wheat acreage up to an additional 30 per cent of the farm wheat allotment. The payment for this additional diversion would be based on 60 per cent of the adjusted yield per acre. Farmers who have planted less than 13½ acres in 1959, 1960 or 1961, should check with the county A.S.C. office to determine the permitted acreage, if they do not understand the notice they received.

Letters are being mailed by the county A.S.C. office this week to all wheat producers setting forth payment rates for each wheat farm. Growers will be eligible for price support for wheat in addition to payments for diverted acreage.

Producers who do not participate in the diverted acreage program will still be eligible for a marketing card permitting sale on the open wheat market if they harvest within their permitted acreage. Penalties for excess wheat have increased to a point which exceeds the value of the crop.

Sign-up for diverting wheat acreage will probably start about Oct. 1 or as soon as forms have been received at the county office. Final sign-up date will be Nov. 15. Lora says farmers should feel free to contact the A.S.C. office for details of the program.

AIR POLLUTION INCREASES

YOUNGSTOWN, Ohio (AP) — Vehicle traffic has been blamed for causing the most atmospheric pollution in the city during the second quarter this year.

Traffic dirt was dominant at seven of the city's testing stations in three months ending June 30, Walter I. Rauh, smoke control engineer, says. He said steel mill dirt was detected at only one and domestic dirt at four.
